

# Digitize your LiquoGuard® 7

*Seamless flow of the real-time CSF  
pressure data to the bedside monitor.*

# LiquoGuard<sup>®</sup> 7

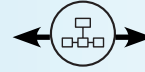

## New standard in digital CSF management

LiquoGuard<sup>®</sup> 7

Patient Monitor

Hospital network

LiquoGuard<sup>®</sup> 7 eliminates the inefficiencies of traditional external gravity drains and ensures precise, efficient, and reliable patient care. This cutting-edge device continuously measures CSF pressure, akin to an ICP monitor, and connects effortlessly to your patient monitor. The result is a seamless flow of real-time CSF pressure data to your bedside monitor, providing medical teams with vital insights whenever needed - everywhere.
